

EMPOWERING BUSINESSES WITH EXCEPTIONAL TALENT

Zolon Tech established in 1998 and based in the Washington DC metropolitan area, is a Minority Owned enterprise. It specializes in serving clients who have entrusted the oversight and management of their Contingent Staffing Program to an MSP. Operating nationwide, Zolon delivers innovative solutions to **federal** and **commercial** customers, catering to diverse needs such as agile application development, comprehensive big data analytics, versatile "everything as a service" offerings and proficient staffing and vendor management services.

Zolon's recruiting processes have been appraised at CMMI Maturity Level 3 and certified using ISO: 20000 standards. Our expertise lies in delivering contingent labor services within a vendor-neutral environment, with a particular emphasis on the **IT, Engineering, Power and Utilities** and **Healthcare industries** prioritizing a no-contact approach.

QUALITY

Our Quality control measures are guided by and confirm to CMMi-L3 and ISO rated processes and procedures that we have incorporated into our Quality Management System (QMS) which ensure that we meet the required SLA's for our clients. Our performance monitoring process is designed to identify potential QA issues before they become problems, and proven monitoring processes to monitor and evaluate performance of our consultants.

STAFFING SERVICES

Zolon boasts extensive knowledge in contingency staffing services, ensuring a customized approach for each client's individual needs, thereby enriching their workforce with diverse enterprise strategies. Our dedicated horizontal sourcing units are manned by highly experienced recruiters committed to sourcing top-notch consultants from the industry.

OUR EXPERTISE

At Zolon Tech, we take pride in our team of recruiting experts who possess extensive experience across the entire spectrum of Industry verticals. From **IT, Engineering, Power and Utilities, Healthcare industries** and beyond, our consultants are equipped with the knowledge, skills, and hands-on experience needed to deliver exceptional results.

TAILORED STAFFING SOLUTIONS

We understand that every client project is unique, with its own set of challenges, objectives, and timelines. That's why we offer personalized staffing solutions designed to align seamlessly with our clients' specific needs and requirements. Whether you're embarking on a new project implementation, migrating from a legacy system, or seeking ongoing support and optimization, we have the flexibility and expertise to provide the right talent at the right time.

OUR PROCESS

At Zolon Tech, we believe in a collaborative and transparent approach to staffing. Our dedicated team works closely with clients to gain a deep understanding of their business goals, technical requirements, and project timelines. Leveraging our extensive network and rigorous screening process, we identify and onboard the most qualified candidates who possess the skills and expertise needed to drive success.

Throughout the engagement, we maintain open lines of communication to ensure that expectations are met, challenges are addressed, and objectives are achieved. Our commitment to client satisfaction and project success is unwavering, and we strive to exceed expectations every step of the way.

Benefits of Partnering with Us:

- Access to a vast network of Industry experts
- Flexible staffing solutions tailored to your specific needs
- Proven track record of delivering high-quality results
- Ongoing support and guidance throughout the engagement
